**CONVICTED OF ASSAULT.**

**Negro Found Guilty of Shooting Two Persons.**

Charles Riggs, alias Bunnie Riggs, colored, was convicted yesterday afternoon in Criminal Court, No. 2, Justice Bernard presiding, of assaulting Nicholas Donoghue and Luke Welch with a dangerous weapon.

Witnesses of the government testified that August 17 last the defendant went to the saloon of Mr. Donoghue in Georgetown and was put out because of disorderly conduct. The defendant, it was testified, returned later and had a quarrel with Donoghue during which he shot Donoghue and Welch.

The prosecuting witnesses told the jury the shooting was unprovoked.

The defendant and two other witnesses testified that Donoghue started toward Riggs, armed with an ice pick, and that defendant shot in self-defense. The defense endeavored to show that Welch was wounded by a stray bullet.

Assistant United States Attorneys Hawken and Given appeared for the government, while the defendant was represented by Attorneys Carrington and Truitt.

**WHAT THE INTERNAL BATH** Is Doing for Humanity

Under our present mode of living the large intestine (or colon) cannot get rid of all the waste that it accumulates—so it clogs up, and then biliousness, constipation is the result, and that lack of desire to do, to work, to think.

This waste in the colon, as we all know, is extremely poisonous, and if neglected the blood takes up the poisons and brings on countless very serious diseases—appendicitis is directly caused by waste in the colon.

If the colon is kept clean and pure you will always feel bright and capable—never blue and nervous—always up to "concert-pitch."

There is just one internal bath which will keep the colon as sweet and clean as nature demands it to be for perfect health—that is, the J. B. L. Cascade.

Many thousands are using it, and doctors prescribing it with great success all over the world. It is now being shown and explained by Affleck's Drug Store, 15th and F sts. n.w.

**Much Suffering Relieved by** United Hebrew Charities.

**PROMPT HELP ITS MOTTO** Gives Aid to Needy First, and Investigates Afterward.

**NEEDS STILL LARGER FUND** Officers Who Made So Good a Record the Past Year Are Retained in Office.

"To give aid first and investigate afterward." Such a policy followed by the United Hebrew Charities has been successful in such measure as to warrant the continuation of its efforts with renewed zeal, was the statement last night of Lee Baumgarten, president of the organization, in submitting his report at the annual meeting in Eighth Street Temple.

The measure in which the objects of the society have been attained was attested by reports of the various committees, and evidence of the high regard in which the United Hebrew Charities is held was offered by the presence of representatives of other organized charities, who voiced hearty assurances of co-operation in the common cause, the alleviation of suffering among the poor and unfortunate. George Wilson, secretary of the District board of charities; Walter S. Ufford, secretary of the Associated Charities, and Mrs. Elizabeth Brown of the same organization personally declared their willingness to aid in any way possible to ameliorate the condition of the destitute of the Jewish race and offered their thanks for the hearty manner in which assistance had been tendered them in their work among all classes and manner of people during the past year.

**Commends Foster Home.** High tribute was paid Judge William H. DeLacy of the Juvenile Court by President Baumgarten for the many courtesies extended officers of the United Hebrew Charities in cases appearing before him. In reply Judge DeLacy said he had the deepest sympathy for the work in which the organization was engaged, and that he was surprised at the scope of work covered. He commended the Foster Home and declared that above all he was grateful for the cases brought to his attention by the society's parents were not relieved of their obligations or allowed to lose sight of their responsibilities.

Mr. Ufford extended a cordial invitation to members of the United Hebrew Charities to be present at the annual meeting of the Associated Charities next month, and called their attention to the fact that Judge DeLacy, president of the National Association of Charities and Correction, who recently has been appointed a member of the newly created commerce court, would be present and speak.

**Appeal for More Funds.** An appeal for more activity in the raising of funds was made by Mrs. Charles Goldsmith, financial secretary. She declared that while the organization had been able to accomplish a deal of good with less than \$50,000 its disposal last year, a much larger sum would be needed for the prosecution of relief measures during the ensuing twelve months.

Tribute to Honorary President, J. L. Blount and President Baumgarten, as the Bismarck and William of the United Hebrew Charities, was paid by Simon Wolf. The attorney declared the persecutions the Jew of Russia and Rumania have been subjected to this year would result in a greatly increased number of immigrants, and he warned the society to prepare to receive the quota that will be sent Washington for their home; to be ready to instill the necessity for sanitation and cleanliness into these newcomers, whose education in this respect, he held, was not up to western standards. As an aid in raising funds Mr. Wolf's motion that the reports of the president and other officers be printed and distributed to every Jewish family in the District was unanimously approved.

**Police Give Assistance.** That the thanks of the association were due in no small measure to Maj. Sylvester and Capt. Boardman of the police department for aid given the organization during the past year was the statement of L. L. Blount, one of the founders of the United Hebrew Charities. Mr. Blount briefly reviewed the work of the organization and optimistically outlined what may be expected in the future. Dr. Abram Simon and Dr. Louis Stern both spoke briefly.

On motion of D. J. Kaufman, following the election of the board of directors, the present officers were unanimously re-elected. They are: J. L. Blount, honorary president; Lee Baumgarten, president; Dr. Simon and Dr. Stern, vice presidents; A. D. Prince, treasurer; Charles A. Goldsmith, chairman of the advisory board; Mrs. Abram Simon, secretary, and Mrs. Charles A. Goldsmith, financial secretary.

The new board of directors consists of Joseph Straubinger, H. Blumenthal, Simon Wolf, F. Solomon, E. Solomon, Mr. and Mrs. J. W. Nordlinger, Mrs. Meyer Stern, Mr. and Mrs. Harry Franc, Mr. and Mrs. Charles A. Goldsmith, Mr. and Mrs. J. Hillman, Mrs. Heller, D. Miller, Dr. and Mrs. Stern, Dr. and Mrs. Simon, Mrs. Guggenheim, Mrs. B. H. Dink, E. Sanders, Mrs. Schifman, Mr. and Mrs. Lee Baumgarten, Mr. and Mrs. J. Jackson, Porter S. Atlas, A. D. Marks, A. D. Prince, D. Kaufman, Mr. and Mrs. I. B. Schwartz, Mr. and Mrs. L. Blount, A. M. Fishel, Paul Harmel, Mrs. J. Pack, Mr. and Mrs. Carl Schenker, I. Goldenberg, J. Iselin, Mr. and Mrs. Max Fisher, Mr. Albert Rosenthal, J. Eisenman and Joseph King.

**Loans Without Interest.** That the Hebrew Free Loan Society, which loans money to deserving persons, and is repaid in weekly installments without interest, is doing a great work in keeping from the charity rolls many a deserving applicant is a statement made by President Baumgarten in his report. He also urged that an effective arrangement be made with the Associated Charities to supply the work to Jewish applicants for shelter. In order to distinguish between the really willing workers and those who would not work even to get it elsewhere. How often in Juvenile Court is the head of the families either are tailors by trade or have some other means of support, and yet, because of the teaching of trades to young men, especially recently arrived immigrants, are recommended to the society as a project to be handled as a definite proposition. Families sleeping out miserably in the streets, in grocery stores, where children of all ages sleep on the floor of one room where sanitation is almost a negligible quality, also are referred to. Education of the parents in matters of sanitation and provision of adequate stocks of merchandise, in order to keep the children from being sent to the street, is the language of President Baumgarten. "When children are sent to the street," he said, "they are not just a nuisance, they are a danger to the community. When children do not get food at home they are very apt to get it elsewhere. How often in Juvenile Court are children charged with the theft of apples, cake, candy, rolls, etc., from fruit stands, bakeries and grocers? When asked why they took these things, they answer, as a rule, either 'I don't know,' or 'I was hungry.' There is a

**Many Kinds of Relief.** "It would be a tedious task to enumerate all the various kinds of relief extended, but suffice it to say that in every case where relief was necessary it was extended to the best of our ability, with the means at command. Our policy of discouraging those without means from settling in this city is slowly but surely being abandoned, and our efforts are being directed to help bona fide residents to become self-supporting will, in the near future, with this policy and your aid, result in the attainment of our objects. "During the coming year it will be our intention to place one family under the charge of a member of the board, and to keep this member in touch with this family during the entire year and, as occasion demands, suggest to the board the placing of the family on a self-supporting basis. This policy will result in our knowing that at least twenty-five families are being constantly watched over and undoubtedly be of lasting benefit to the community. "The object of putting the needy in a position to help themselves is the highest achievement of efficient charity. However, it is not only a result of certain social or individual factors, but, in its turn, produces a series of other evils which are wrecking and shattering the very foundations of human welfare. If poverty makes it necessary for the poor to live in insanitary houses it will inevitably lead to physical breakdowns; it will result in an unnecessary increase of sickness, spread of tuberculosis, premature death, orphanage, and consequently an unreasonable amount of dependents. "Evils of Overwork. "If poverty drives men, women and children to work beyond their capacities the same results will follow. If poverty
